

## ***Herd Sire 2007***

**BIG DEAL ROCKET SUPREME (BLK) -[CAN]22004-**

**BIG DEAL ROCKET SUPREME (BLK) -[CAN]22004- herd sire 2007**

**Big Deal Rocket Supreme 13R** was our herd sire in 2007. His calves are now 2 years of age. His females are having their first calves. The 13R heifers that have calved have good udders and seem to be good milkers. So far the calves are looking really good. One 13R daughter and her young calf are on my list to possibly show at Agribition next fall, (for Agribitions 40<sup>th</sup> Anniversary).

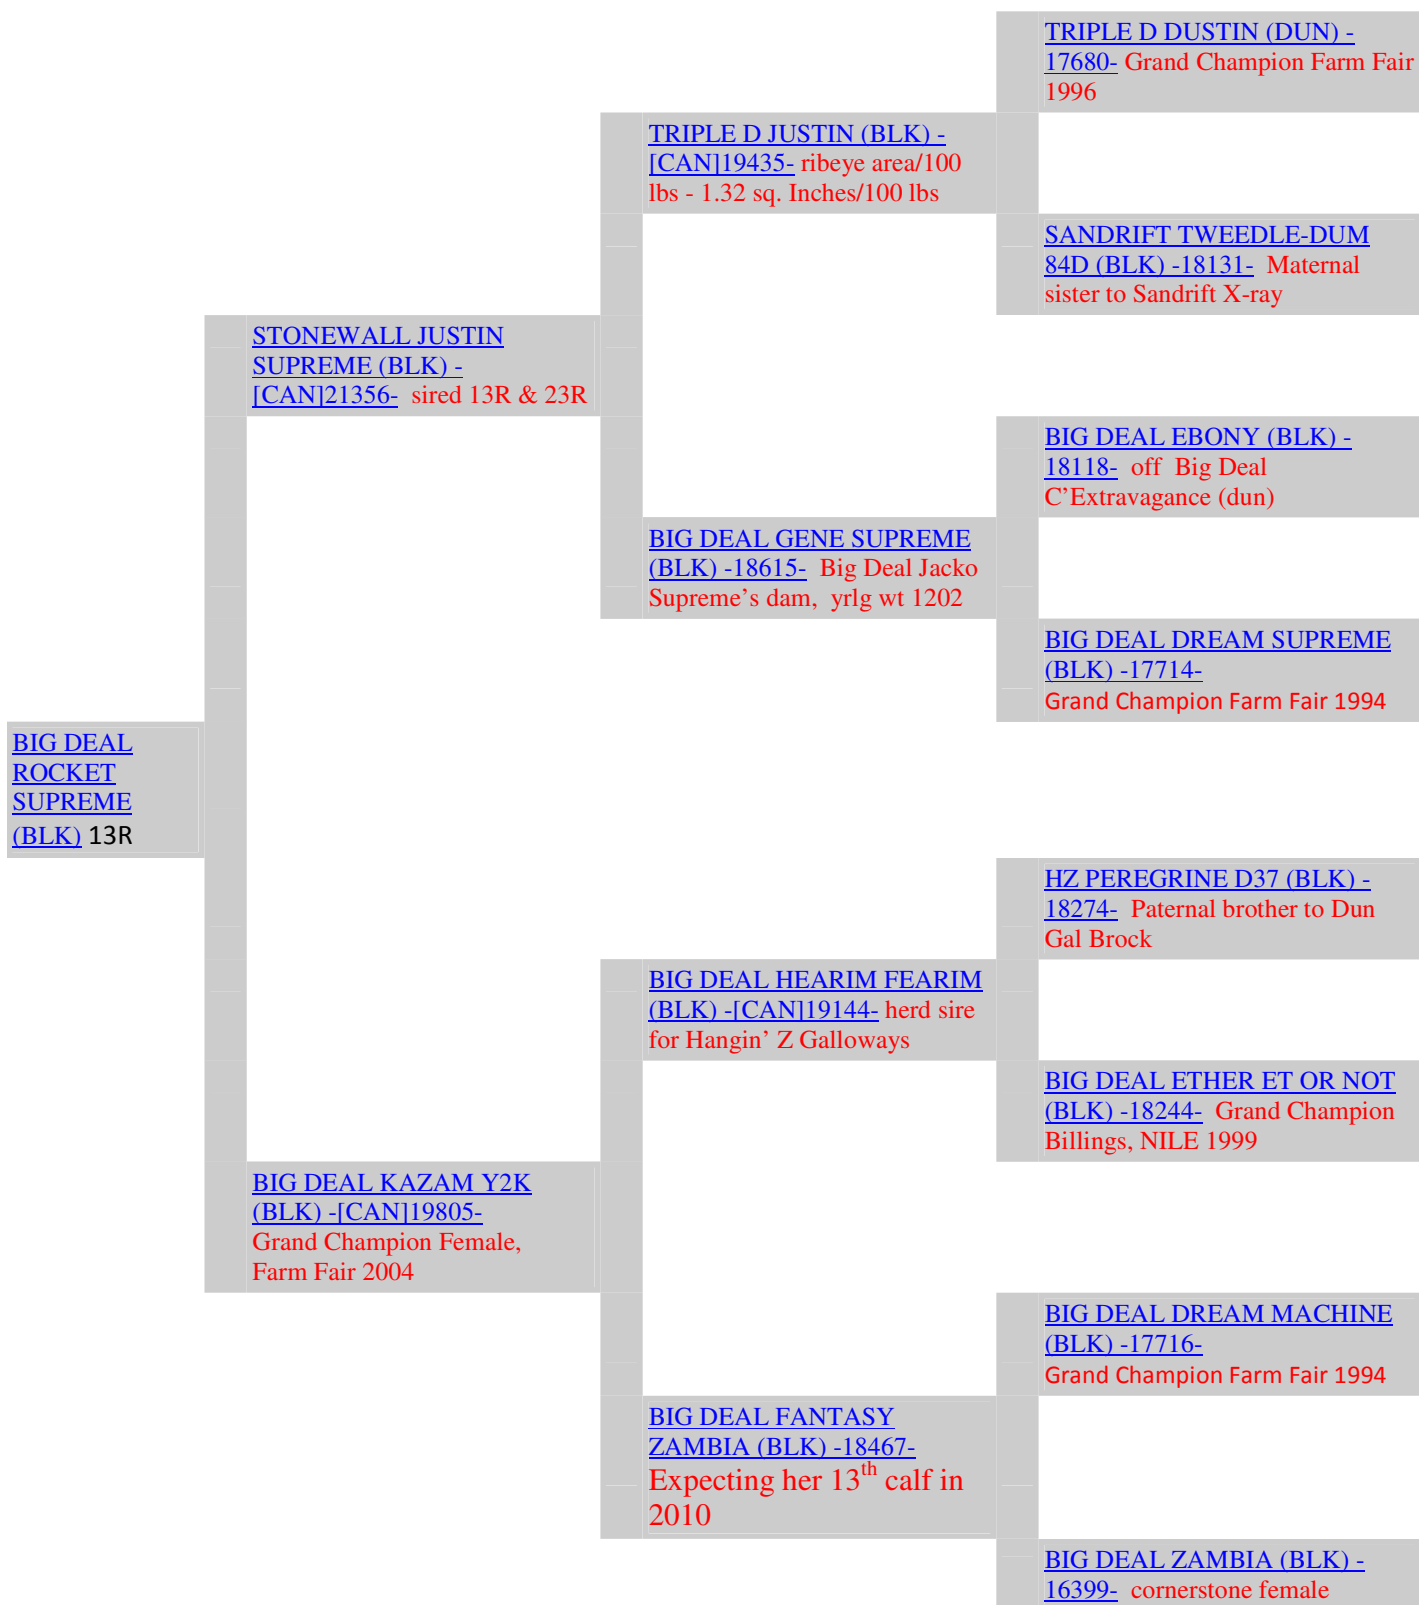

**Rocket Supreme 13R** is a maternal brother to **Big Deal Performer 12P**, both off **Big Deal Kazam Y2K**. Y2K was the Grand Champion Female at our last National Galloway Show at Farm Fair Edmonton in 2004. Her bull calf at side, Performer 12P was also named Grand Champion bull at the show. Y2K placed above the Grand Champion Female at Agribition later that fall and Performer 13P, as a calf, out placed the Grand Champion Bull at Agribition that same fall, (we didn't show at Agribition that fall).

### **People in the last photo of Performer 12P:**
